MILK MAIDS

For a super-sweet bathroom treat, check out the new **Miss Milky** range from the quirky Italians at **Pupa**, who count the **Sugababes** among their fans. It's aimed at kids, but we reckon the good-enough-to-eat ice cream and milkshake flavours like **White Chocolate Body Butter**, £5.95 and **Vanilla Body Milk**, £6.95, are too nice to waste on little ones.

GORGEOUS NEW PRODUCTS YOU CAN'T DO WITHOUT

TRIED & TESTED BLACK EYE LINERS

Which pencil gives you the perfect line and smudge?

Miss Sporty Mini-Me Eye Liner, £2.29

'I loved this as a cheap option, it's really versatile and I could blend it nicely. It's dinky enough to fit in any evening purse. Only problem was it faded quite quickly.'

8/10

Bourjois Liner Stylo, £4.95

'Gave me really good dark colour without having to gouge my eyes out and lasted all evening. (Actually lasted until the next morning according to boy, but obviously it's better to take it off).'

7/10

Tigi Bed Head Big Fat Fun!, £8.75

'Fantastic. It gave me the perfect amount of softness for smoky eyed looks. If only they'd put a smudger on the other end of it this would be the ultimate liner. It is pricey, but undeniably good.'

9/10

L'Oréal Contour Resist, £4.99

'This felt like quite a hard liner. It was good for subtle lines, but I had to really press to get colour and it didn't have any smudge power or last very long.'

CELEB SPY

If you fancy colonic irrigation, you might want to get your head checked, or you might want to take a tip from **Sophie Anderton** and try out **Oxy-Powder**, £29.95, a much easier way to a clean colon that comes in capsule form. Sophie was reportedly so excited after hearing about the product from her LA friends, she pre-ordered some. Lovely.

WIPE OUT

If you party so hard you find yourself late for work the next morning, cut out lathering your locks and give them a speedier boost with the fab new **Umberto Gianni Glamour Hanky Pankies**, £4.99. They're not as good as a wash, but they'll get rid of the stench of fag smoke and make it shiny enough for your boss not to notice.
